

A Story Tellers Story

1924. Anderson, whose prose style, derived from everyday speech, influenced American short story writing between World Wars I and II. He directed the American short story away from the neatly plotted tales of O. Henry and his imitators. *A Story Tellers Story* is Anderson's own tale of an American writer's journey through his own imaginative world and through the world of facts, with many of his experiences and impressions among other writers-told in many notes-in four books and an Epilogue. See other titles by this author available from Kessinger Publishing.
