

Kindergarten Draw and Write Journal (Draw and Write Books) (Volume 3)

Encourage creativity and a lifelong love for learning. Great for trips. This super CUTE kindergarten draw and write journal was designed to appeal to children ages 4-6. This particular version is printed on cream (off white) paper because it is slightly thicker than the standard white paper used to print books. *The first 98 pages feature sections for drawing and writing about what your child sees each day. There are spots for pictures and lined areas for writing about the picture. They can write stories, create lists or just describe different animals or write anything that comes to mind. *Bonus blank pages and doodling pages are included near the end of the book. The doodle pages feature stars, trees and general designs along with blank space to encourage creativity and self-expression. Kids are encouraged to color in the doodles and create a few doodles of their own.

*Additional blank title only pages and Spot the Difference activity pages are also featured at the back of the book. *Suitable for gel pens, colored pencils, crayons and light watercolor paints (When only minimal water is used). *Kids can also use Crayola fine line markers, light-colored markers, some scented markers, Sharpie no-bleed markers or other types of markers used for bibles and general books.

Avoid permanent markers with this book. Instead, we recommend using a lighter based non-permanent marker. There are several brands on the market suited for young kids. :) This journal is mainly designed for boys, but some girls might prefer, the blue background with little monsters. If you want something more girlie, click on the creative kids icon to look at our other journals. Happy Doodling! :)
