

Beacon of Knowledge: Essays in Honor of Seyyed Hossein Nasr

Seyyed Hossein Nasr is an extraordinary scholar and thinker, who has done more than any other, Muslim or non-Muslim, to revive the intellectual dimensions of traditional civilizations, including Islam. In addition to fascinating essays on Nasr's spiritual and intellectual contributions are wonderful photos that span his life. The contributors included in this work are Huston Smith, Mohammad H. Faghfoory, Dr. Stephen Joel Trachtenberg, and Keith Critchlow, among many others.
