

The Founders Code: Parker Chance Series (Volume 2)

After a year of dodging possessed superhumans, being cooped up in the dorms 24 hours a day feels like pure torture to Parker... until the truth about the people closest to him changes everything. In this second installment of the Parker Chance Series, Parker finds himself rescued from a monotonous summer on campus when he's whisked away to New York to visit his only family member. His time in New York proves even more boring until he allows his curiosity to get the better of him and he discovers a secret that will fester in his mind all year long. Parker's sophomore adventures at Knobhouse Academy are bursting with encoded rings, encounters with the Infallible Five, water monsters, and frustrating prejudice. The Founders Code, the action-packed follow-up to *The Fifth Specter*, is rich in both mystery and heart.
