

First Aid for the USMLE Step 2

This work provides a resource for the United States Medical Licensing Examination Step. It contains information on: how to prepare for the exam (including test-taking strategies); help for foreign medical graduates (including licensure, steps one and two, residencies, visa options, and resources); a pre-clinical primer reviewing high-yield, clinically-relevant basic science facts; and facts organized by system that cover the core fund of knowledge tested on the exam.
