

Inspector Hobbes and the Blood: A Fast-paced Comedy Crime Fantasy (unhuman Book 1)

Odd, inventive, and genuinely very funny indeed. (Katie Jarvis, Cotswold Life) Set in a small Cotswold town, Inspector Hobbes and the Blood is a fast-paced comedy crime fantasy about the adventures of Andy, an incompetent reporter, when he is reluctantly working with Inspector Hobbes, a police detective with a reputation. Andy soon finds himself immersed in a world where not everyone is human, and a late-night visit to a churchyard nearly results in grave consequences, and a ghoulish outcome. An accidental fire leads to Andy having to doss in Hobbess spare room. Contending with a wave of murder, suicide and robbery, as well as Hobbess weirdness, is the just the start; he must also get to grips with Mrs Goodfellow, Hobbess housekeeper, who collects teeth. Although they are mostly from humans, she also claims to have some vampire specimens. However, Andy soon finds her wonderful cooking compensates for her eccentricities.

Despite Andy believing he is coping, he is nearly unhinged by horror when a stressed Hobbess concealed nature reveals itself in an orgy of bone-crunching. Yet, coming through unscathed, Andy develops respect and admiration for his host, even when he uses weird, occasionally brutal, methods to begin unravelling the mystery, which would appear to link The Order of the Dragon and Vlad Tepes, the original Dracula, to the crime wave. When Hobbes goes missing, Andy, with the dubious assistance of Dregs, Hobbess big, bad dog, and armed with a leg of lamb, searches for him. Will he triumph over crazed blood lust and human sacrifice? Can Andy with Hobbess friends, a binge-drinking dwarf and a troll who looks uncannily human, save the day? And can Andy catch vampirism from false teeth? I ought to tell you, dear, he can get rather wild when hes hungry This new comedy fantasy book series is suitable for teenagers and
