

Seizing Darkness (Fur, Fangs and Fairies)

With her past distant and forgotten Natalya has built herself a nice life. She has a job she finds rewarding as a special agent with the Paranormal Investigation Bureau. Her partner, Dante, isn't too bad for a bloodsucking vampire. Val, her boss, is like a father to her. Her favorite part is that she lives near the Cascade Mountains. Whenever she needs a little vacation, she can shift into a tiger and go running in the woods. Life is good. That is until recently. Agents are turning up dead and she can't pin down what is going on. Little does she know that her past is about to come back and bite her in the tail. With no memories before the last year she is a little behind the curve in finding out what is going on. The investigation turns dangerous as the attacks turn personal. Lives are on the line, including her own. Will Natalya find out what is going on before it's too late?
