This early work by Abraham Grace Merritt was originally published in 1918. The People of the Pit is a fantasy adventure of two gold prospectors who discover mysterious people who live down a mine. It tells the tale of adventurous explorers who discover an unknown world. Abraham Grace Merritt - also known by his byline, A. Merritt - was born on the 20th January, 1884 in New Jersey, America. Merritt's stories typically revolved around conventional pulp magazine themes. His heroes are gallant Irishmen or Scandinavians, his villains treacherous Germans or Russians and his heroines often virginal, mysterious and scantily clad. Merritt married twice, once in the 1910s to Eleanore Ratcliffe, with whom he raised an adopted daughter, and again in the thirties to Eleanor H. Johnson.
