

Wayenors Children (The Wayenor Saga Book 3)

Book Three of the Wayenor Saga. It falls to each new generation to carry on from the work of those who have gone before--and, more often than not, to pay in blood and treasure for the mistakes of their forebears. The mere passage of time has not made Wayenor safe, and questions of rights and succession, loyalty and honor, are never settled once and for all. Vanessa must battle for herself, for her castle, and for the preservation of her sovereigns kingdom else there will be very little left worth inheriting for Wayenors Children. Traditions are handed down from generation to generation -- but not all traditions are admirable. Real and imagined slights, injured pride, even lust for revenge are all too often part, or even all, of a family heritage. How can Vanessa and Balon protect their own when their enemies nurse their bitter inheritance in the darkness, hidden even from themselves?

Book Three of the Wayenor Saga. Traditions are handed down from generation to generation, -but not all traditions are admirable. Real and imagined slights, Sasha Millers books this book.
