

The Beast of the North: Stories of the Nine Worlds (Thief of Midgard - a dark fantasy action adventure Book 1)

In this medieval dark fantasy action novel we follow thieves Maskan and Sand in their quest to survive the wrath of a king. The Nine Worlds have been sundered from each other and the gods during the goddess Hells War thousands of years ago, but in the land of Midgard the years have passed relatively peacefully. For Red Midgard, times are changing, however. The harsh, freedom-loving northern land faces the animosity of the mighty High King, but also a threat of war with its few allies, as King Morag is rumored to look for any reason to go to war with his allies. Maskan and Sand, thieves of Dagnar, discover a web of conspiracies to topple the king before it is too late, and soon, they have a good reason to tie their fates with those who would fight the king. But not all is as it seems, and layers of truths and lies make the road dark and dangerous. Our heroes must navigate very murky waters of betrayal, elemental magic, love, and loyalty to save their land and to find revenge. Just loved this book! The story is absolutely amazing, all the twists and turns (sometimes quite surprising results) - marvellous! I wonder what Maskan and his companions get into next :) This book is a must read if you like fantasy, Im already waiting for the next part - Amazon customer.
