

The Glass Woman

Subtle depictions of future worlds, of stark contemporary settings and alternate realities are some of the wonders of Warrens imagination. From science fiction to fantasy and eerie, soul-shaking horror. Warrens words will reverberate in all of us. What is there to enjoy in this collection? A profound vision of a future, perhaps dismal without hope, horror that makes your spine feel pierced by hundreds of rings, a smattering of bodily fluids, a few feminist themes, a clear and penetrating vision, the clarity of which is unearthly. Clever, sometimes funny, morbid and at times racy. Youll find all of this in Kaaron Warrens work.
