

The Shambling Dead: Harbinger of Doom -- Volume 7

Do zombies scare the stuffing out of you? Im not talking the slow ones that mindlessly stumble around moaning and tripping over their own feet. Those are easy enough to avoid if you keep alert and dont let them swarm you. Im talking fast zombies. Ones that will run you down, tear you to pieces, and eat you for supper. Ones that keep coming no matter what damage you do to them. Did any such creatures ever exist, except in peoples imaginations? Unfortunately, the answer is yes. This seventh volume of the Harbinger of Doom saga reveals the truth about them. Their origin. And the terrible threat that they pose.
