Welcome to the dark. It comes in more colors than you may have imagined. Quiet blue shadows, a glimpse of ghostly white, a once-dim corner deepening to stygian black, the sudden scarlet stain in the basement, the flash of flesh turning to fur, crumbling ash-gray memories, deep jungle greens, mottled-glaucous full moons, the brown of fresh-turned earth, a cutting slash of silver, the tempting glint of gold, bruising purple, alien orange, urban neons, the iridescent shimmer of colors the human eye cannot always see...Find them all in the words of these masterful storytellers. The best dark fantasy and horror from 2010: more than five hundred pages of dark tales from some of today's best-known writers of the fantastique as well as new talents. Chosen from a variety of sources, these stories may help you see the many colors of the dark.
