

The Breath of Parted Lips: Voices from The Robert Frost Place, Vol. II

An anthology of work from more than 150 poets, judiciously selected from The Frost Place, a sanctuary for poets and poetry. The collected poems honor Robert Frost, himself a lifelong teacher of poetry who encouraged the creative visions of young students, and Donald Sheehan, who has nurtured the legacy of the Frost Place. An original, eye-opening lyrical compendium, flourishing with the brilliance of creative work. Midwest Book Review
