

Worth Dying For (Dying for a Living Book 5)

A supernatural suspense novel about a snarky anti-heroine and her motley crew trying to stop the unstoppable. The fifth novel in the popular Dying for a Living series, *Worth Dying For* picks up two months after the events of *Dying Light*. The gang is in New York and much to Jesse's surprise, they are all still alive. Jesse, Ally, Rachel, Gideon and Maisie have managed to stay off of Caldwell's radar for months. But when your enemy can control minds and teleport, there isn't a safe place in the world where you can hide. They have a plan for stopping his genocidal reign, but it will require a 2500-mile road trip to Cochise, Arizona, the abandoned military base where it all began.
